ELM BANK
MEDIA

Mission

To report on the issues that are important to local residents with insightful content that is informative, entertaining, and visually attractive.

Editorial

Launched in 2005, Elm Bank Media publishes *WellesleyWeston Magazine*, a quarterly lifestyle magazine that is tailored specifically to the residents of Wellesley and Weston. The magazine explores and interprets the lifestyles, customs, and cultures of all residents, and is edited to enrich the experience of living in two of the most desirable communities in Massachusetts.

Each issue combines a mix of insightful articles by local journalists with dynamic photographs, illustration, and design presented in a handsome, visually-striking full-color format with a long shelf life. *WellesleyWeston* is filled with in-depth articles on topics specifically affecting these residents: profiles of local people, historical features on people and events, reviews of restaurants, insider looks at community artists, local business profiles, and spectacular presentations of the latest trends in home, garden, and landscape design.

A Remarkable Readership of Discerning Consumers

Residents of these communities are affluent and well educated. They are upscale consumers who take action based on what they read and hear around town. The magazine's broad editorial coverage appeals to the community-minded reader willing to spend time, energy, and money on any number of consumer passions, including fashion, travel, dining, entertainment, the arts, and home décor.

Magazines are mailed to every family household and business within the respective towns, free of charge. This represents a unique and influential advertising showcase for upscale products and services that cannot be duplicated by any other medium.
